Ms. Ramon,

You have not provided me an answer as to why you process "Rule 12" differently even though the Rules and your internal documents state how they should be processed. Moreover, your counterpart in Kerrville has failed to answer the same question. I have attached a Writ of Mandamus that I will be filing. Please advise if you will wave service.

Ms Ramona

In File 18-002 you or your department generated a letter per Rule 12.9(e), yet in my case you never generated this letter. Why did you in this case and not the other?

Ms. Ramon,

Gmail - Re: Records request

I am requesting a copy of the letters that were sent pursuant to Rule 12.9(e) and Rule 12.9(f) in Appeal Nos. 17-022, 18-002, and 18-003. We'll see if you followed the Rules in these appeals unlike mine.

Regards,
